

REMARKS

Claims 1 through 21 remain in this application.

Claims 1, 5, 6, 8, 11-13, 15, and 19-21 have been amended to correct improper dependance of claims 11, 12, 19 and 21 and to cancel "maintenance scheduling" language as required by the Examiner in the Office Action section entitled **Drawings**.

Accordingly it is believed that neither the specification nor the drawings need to be amended.

Likewise, in view of the cancellation of the "maintenance scheduling language, it is believed that the rejection under 35 U.S.C. 112 has been overcome without adding new matter.

It is believed that this application is now in condition for allowance and an early issue date will be appreciated. However in the event that the Examiner determines otherwise, applicants solicit an interview in order to resolve any issues that may be resolved before final.

Respectfully submitted,

C. A. Fellows et al.
